As part of the NeMo initiative

**CP Tech GmbH**

is an active member of Neue Mobilität Paderborn e.V. (New Mobility Paderborn), promoting the development and establishment of a sustainable mobility ecosystem.

In doing so, it is making a significant contribution to the mobility transition, protecting the environment and promoting a future-oriented society.

This engagement helps to make the vision of resource-efficient, connected and sustainable mobility a reality.

We are grateful for the valuable support and cooperation that contributes to a more environmentally conscious and livable future.
